

## Helping to Preserve Farm Land

**Wayne Campbell (right), President of the PA State Grange, in early June 2018 accepted a \$500 donation from Perry Valley Grange President Linda Byers to help the State Grange finance legal proceedings to protect agricultural land from development. Brother Campbell spoke to our Grange about the efforts of the Cumberland Valley School District to use eminent domain to take a farm protected by a conservation easement. Amid mounting public pressure, by late June the school district dropped its development plan.**
