

## Fun & Education at Grange Meetings

**Cathy & Lee Morrison try their hand at a post-holiday relay game enjoyed in January 2018. It's not easy to unwrap that box while wearing oven mitts!**

**At the February 2018 meeting Grant Carlton, a Millersville University student majoring in meteorology, explains a cartoon illustration to make points about "Wacky Weather" and its effect upon our lives. Climate change has a significant economic effect on agriculture.**
