

## **Complimentary Use of Grange Hall**

The members of Perry Valley Grange devote a great deal of time and effort to maintain and improve its property for the use of the community. Throughout the year, various public meetings are held in the Grange Hall. The hall is also the polling location for Greenwood Township for the spring primary and fall general elections.

The facilities were provided free of charge in February 2009 to the nearby St. John (Barner's) Lutheran Church for a benefit dinner for a needy family (see note below). The Grange is always glad to donate its building and equipment for worthy causes in the community.
