

## FFA Support/Benefit Raffle

During the 2009 Grange year, contributions of \$1,700 were given by Perry Valley Grange directly to the Greenwood & Newport FFA Chapters. The largest portion of this support was the proceeds of a raffle sponsored by the Grange specifically to benefit the FFA chapters. Additional contributions were made in appreciation for the many FFA volunteers who helped with the serving of several of the Grange's large public dinners. This classic "win-win" situation for both the Grange and the FFA was begun in 2003 when the Grange became aware of the financial needs of the local FFA and the FFA learned of the Grange's need for additional dining room servers. The Grange is pleased to have this on-going opportunity to support the work of the FFA and to help send students to the National FFA convention and to finance several educational field trips.
